42 appurtenances to the structure shall, as a condition for issuing the permit, require that the applicant
43 for a permit file a written statement, subscribed by the applicant. The statement must affirm that
44 the applicant is licensed under this chapter, give the license number and state that the license is
45 in full force and effect, or, if the applicant is exempt from licensing under this chapter, list the basis

1 for the exemption. The city, county or state agency shall list the contractor's license number on
2 the permit obtained by that contractor.

3 “(4) If the applicant for a building permit is exempt from licensure under ORS 701.010 (6), the
4 city, county or state shall supply the applicant with an Information Notice to Property Owners

24
25 “(5) The board shall adopt by rule a form entitled ‘Information Notice to Property Owners About
26 Construction Responsibilities’ that shall describe, in nontechnical language and in a clear and co-
27 herent manner using words in their common and everyday meaning, the responsibilities property
28 owners are undertaking by acting as their own general contractor and the problems that could de-
29 velop. The responsibilities described in the form shall include, but not be limited to:

30 “(a) Compliance with state and federal laws regarding Social Security tax, income tax and un-
31 employment tax.

32 “(b) Workers’ compensation insurance on workers.

33 “(c) Liability and property damage insurance.

37 “(7) A city or county that requires a business license for engaging in a business subject to
38 regulation under this chapter shall require that the licensee or applicant for issuance or renewal
39 of the business license file, or have on file, with the city or county, a signed statement that the
40 licensee or applicant is licensed under this chapter.

41 “(8) It is prima facie evidence of doing business as a contractor if a person for that person’s own
42 use performs, employs others to perform, or for compensation and with the intent to sell the struc-
43 ture, arranges to have performed any work described in ORS 701.005 [(2)] (3) if within any 36-month
44 period that person offers for sale two or more newly built structures on which that work was per-
45 formed.

1 “(9) Licensure under this chapter is prima facie evidence that the licensee conducts a separate,

3 “(10) The provisions of this chapter are exclusive and a city, county or other political subdivi-
4 sion may not require or issue any registrations, licenses or surety bonds, nor charge any fee for the
5 regulatory or surety registration of any contractor licensed with the board. This subsection does
6 not limit or abridge the authority of any city or county to:

7 “(a) License and levy and collect a general and nondiscriminatory license fee levied upon all
8 businesses or upon business conducted by any firm within the city or county;

9 “(b) Require a contractor to pay a fee, post a bond or require insurance when the city, county
10 or political subdivision is contracting for the service of the contractor; or

11 “(c) Regulate a contractor that is not required to be licensed under this chapter.

12 “(11)(a) A contractor shall maintain a list that includes the following information about all
13 subcontractors or other contractors performing work on a project for that contractor:

14 “(A) Names and addresses.

22 property owner should do to protect themselves in a residential repair, remodel or construction
23 project shall be prepared by the board and provided at no cost to all licensed contractors. The
24 contractor shall deliver the form to the property owner when the contractor submits a bid or pro-
25 posal for work on a residential structure. The form shall include an explanation of the meaning of
26 licensure, including a statement that licensure is not an endorsement of a contractor’s work, and
27 an explanation of the bond and insurance levels required of contractors for the benefit of property
28 owners. The form must not be larger than one side of a sheet of paper that is 8-1/2 inches by 11
29 inches. The contractor may reproduce the form on the contractor’s bid proposal.

30 “(14) A contractor may not perform work subject to this section for an owner of a residential
31 structure without a written contract if the aggregate contract price exceeds \$2,500. If the price of
32 a contract was initially less than \$2,500, but during the course of performance the contract exceeds
33 that amount, the contractor shall mail or otherwise deliver a written contract to the owner not later
34 than five days after the contractor knows or should reasonably know that the contract price will
35 exceed \$2,500. Failure to have a written contract will not void the contract.

36 “(15) Except as provided in ORS 671.540, a contractor that is not licensed under ORS 671.560
37 shall hire a person licensed under ORS 671.560 to perform landscaping work.
