CHAPTER .....

## AN ACT

Relating to water pollution control permits; creating new provisions; and amending ORS 183.310, 468.065, 468B.050 and 468B.055.

Whereas the Department of Environmental Quality, on behalf of the State of Oregon and its citizens, is authorized to administer the National Pollutant Discharge Elimination System permit program under the Federal Water Pollution Control Act; and

Whereas the State of Oregon and its citizens have a substantial interest in implementing a high quality program that ensures that the state retains its authority under the program; and

Whereas the State of Oregon also administers a water pollution control facility permit program to control discharges to land and ground water; and

Whereas the Department of Environmental Quality convened a blue ribbon committee in December 2002 and charged the committee with the responsibility for recommending improvements to the permit programs and for recommending a stable and sustainable funding source for all program activities; and

Whereas the committee issued a final report in August 2004 containing recommendations on program improvements and funding, including issuing permits using a watershed based approach and methods to maximize the programs' efficiency and effectiveness; and

Whereas the committee recommends that the department issue permits using a watershed based approach in which permitting and compliance activities within a watershed are coordinated in a manner that facilitates permit development and public involvement; and

Whereas the committee finds that the existing method of issuing permits by rule is inefficient and onerous, and unnecessarily diverts program resources; and

Whereas the committee recommends that the Legislative Assembly clarify that all general permits be issued as departmental orders rather than rules; and

Whereas the committee recommends that the permit programs be funded through a mix of water quality fees and public dollars that covers all of the activities related to the programs; and

Whereas the committee recommends that the department be given authority to raise fees each year if necessary to resolve the permit programs' funding challenges; and

Whereas the department endorses the recommendations of the committee; and

Whereas the committee recommends that the Legislative Assembly embrace the watershed based approach to permitting by calling for the department to prepare a plan describing how the department will implement a watershed based approach to permitting and to report annually on progress toward implementing a watershed based approach; now, therefore,

**Be It Enacted by the People of the State of Oregon:**

**SECTION 1.** Section 2 of this 2005 Act is added to and made a part of ORS chapter 468B.  
**SECTION 2.** Not more than once each calendar year, the Environmental Quality Commission may increase the fees established under ORS 468.065 for permits issued under ORS 468B.050. The amount of the annual increase may not exceed the anticipated increase in the cost of administering the permit program or three percent, whichever is lower.

**SECTION 3.** ORS 468.065 is amended to read:

468.065. Subject to any specific requirements imposed by ORS 448.305, 454.010 to 454.040, 454.205 to 454.255, 454.505 to 454.535, 454.605 to 454.755 and ORS chapters 468, 468A and 468B:

(1) Applications for all permits authorized or required by ORS 448.305, 454.010 to 454.040, 454.205 to 454.255, 454.505 to 454.535, 454.605 to 454.755 and ORS chapters 468, 468A and 468B shall be made in a form prescribed by the Department of Environmental Quality. Any permit issued by the department shall specify its duration, and the conditions for compliance with the rules and standards, if any, adopted by the Environmental Quality Commission pursuant to ORS 448.305, 454.010 to 454.040, 454.205 to 454.255, 454.505 to 454.535, 454.605 to 454.755 and ORS chapters 468, 468A and 468B.

(2) By rule and after hearing, the commission may establish a schedule of fees for permits issued pursuant to ORS 468A.040, 468A.045, 468A.155 and 468B.050. Except as provided in ORS 468A.315 and section 2 of this 2005 Act, the fees contained in the schedule shall be based upon the anticipated cost of filing and investigating the application, of carrying out applicable requirements of Title V, of issuing or denying the requested permit, and of an inspection program to determine compliance or noncompliance with the permit. The fee shall accompany the application for the permit. The fees for a permit issued under ORS 468A.040 or 468B.050 may be imposed on an annual basis.

(3) An applicant for certification of a project under ORS 468B.040 or 468B.045, and any person submitting a notice of intent to seek reauthorization, a preliminary application or an application for reauthorization of a water right for a hydroelectric project under ORS 543A.030, 543A.035, 543A.075, 543A.080 or 543A.095 shall pay as a fee all expenses incurred by the commission and department related to the review and decision of the Director of the Department of Environmental Quality and commission. These expenses may include legal expenses, expenses incurred in evaluating the project, issuing or denying certification and expenses of commissioning an independent study by a contractor of any aspect of the proposed project. These expenses shall not include the costs incurred in defending a decision of either the director or the commission against appeals or legal challenges. The department shall bill applicants for costs incurred on a monthly basis, and shall provide a biennial report describing how the moneys were spent. An applicant may arrange with the department to pay the fee on a quarterly basis. The department shall not charge a fee under the fee authority in this subsection if the holder is being charged a fee under ORS 543.088 and 543.090 or 543A.405. In no event shall the department assess fees under this section and under ORS 543A.405 for performance of the same work.

(4) The department may require the submission of plans, specifications and corrections and revisions thereto and such other reasonable information as it considers necessary to determine the eligibility of the applicant for the permit.

(5) The department may require periodic reports from persons who hold permits under ORS 448.305, 454.010 to 454.040, 454.205 to 454.225, 454.505 to 454.535, 454.605 to 454.755 and ORS chapters 468, 468A and 468B. The report shall be in a form prescribed by the department and shall contain such information as to the amount and nature or common description of the pollutant, contaminant or waste and such other information as the department may require.

(6) Any fee collected under a schedule of fees established pursuant to this section or ORS 468A.315 shall be deposited in the State Treasury to the credit of an account of the department. [Such] The fees are continuously appropriated to meet the [administrative] expenses of the program for which they are collected[.], **except as follows:**

Fees collected for the federal operating permit program in any biennium that exceed the legislatively approved budget, including amounts authorized by the Emergency Board for the federal operating permit program for such biennium, shall be credited toward the federal operating permit program budget for the following biennium.

**(b) Fees collected for permits issued under ORS 468B.050 to authorize the discharge of wastes into the waters of the state may be used to pay the expenses of any of the programs associated with the issuance of permits under ORS 468B.050 to authorize the discharge of wastes into the waters of the state.**

(c) The fees collected under **a schedule of fees established pursuant to** this section or ORS 468A.315 by a regional air pollution control authority pursuant to a permit program authorized by the commission shall be retained by and shall be income to the regional authority except as provided in ORS 468A.155 (2)(c). Such fees shall be accounted for and expended in the same manner as are other funds of the regional authority.
