9 constitutes prima facie evidence that the organization is not a bona fide charitable, fraternal or re-
10 ligious organization.

11 “(6) ‘Contest of chance’ means any contest, game, gaming scheme or gaming device in which the

35 464.250 to 464.380 and 464.420 to 464.530 to operate such games.

36 “(8) ‘Gambling device’ means any device, machine, paraphernalia or equipment that is used or
37 usable in the playing phases of unlawful gambling, whether it consists of gambling between persons
38 or gambling by a person involving the playing of a machine. Lottery tickets, policy slips and other
39 items used in the playing phases of lottery and policy schemes are not gambling devices within this
40 definition. Amusement devices other than gray machines, that do not return to the operator or

42 devices.

15 gambling winnings, and without otherwise rendering any material assistance to the establishment,
16 conduct or operation of the particular gambling activity. A person who gambles at a social game
17 of chance on equal terms with the other participants therein is a person who does not otherwise
18 render material assistance to the establishment, conduct or operation thereof by performing, without
19 fee or remuneration, acts directed toward the arrangement or facilitation of the game, such as in-
20 viting persons to play, permitting the use of premises therefor and supplying cards or other equip-

40 of value.

41 “(20)(a) ‘Slot machine’ means a gambling device that as a result of the insertion of a coin or
42 other object operates, either completely automatically, or with the aid of some physical act by the
43 player, in such a manner that, depending upon elements of chance, it may eject something of value
44 or otherwise entitle the player to something of value. A device so constructed or readily adaptable
45 or convertible to such use is no less a slot machine because it is not in working order or because

1 some mechanical act of manipulation or repair is required to accomplish its adaptation, conversion
2 or workability. Nor is it any less a slot machine because apart from its use or adaptability as such
3 it may also sell or deliver something of value on the basis other than chance.
