By COMMITTEE ON AGRICULTURE AND NATURAL RESOURCES

May 16

1 On page 1 of the printed bill, line 2, delete “497.112.” and insert “496.146; and declaring an
2 emergency.”.

3 Delete lines 4 through 31 and delete pages 2 and 3 and insert:

4 “**SECTION 1.** ORS 496.146 is amended to read:

5 “496.146. In addition to any other duties or powers provided by law, the State Fish and Wildlife
6 Commission:

7 “(1) May accept, from whatever source, appropriations, gifts or grants of money or other prop-
8 erty for the purposes of wildlife management, and use such money or property for wildlife manage-
9 ment purposes.

10 “(2) May sell or exchange property owned by the state and used for wildlife management pur-
11 poses when the commission determines that such sale or exchange would be advantageous to the
12 state wildlife policy and management programs.

13 “(3) May acquire, introduce, propagate and stock wildlife species in such manner as the com-
14 mission determines will carry out the state wildlife policy and management programs.

15 “(4) May by rule authorize the issuance of such licenses, tags and permits for angling, taking,
16 hunting and trapping and may prescribe such tagging and sealing procedures as the commission
17 determines necessary to carry out the provisions of the wildlife laws or to obtain information for
18 use in wildlife management. Permits issued pursuant to this subsection may include special hunting
19 permits for a person and immediate family members of the person to hunt on land owned by that
20 person in areas where permits for deer or elk are limited by quota. As used in this subsection, ‘im-
21 mediate family members’ means husband, wife, father, mother, brothers, sisters, sons, daughters,
22 stepchildren and grandchildren. A landowner who is qualified to receive landowner preference tags
23 from the commission may request two additional tags for providing public access and two additional
24 tags for wildlife habitat programs. This request shall be made to the Access and Habitat Board with
25 supporting evidence that the access is significant and the habitat programs benefit wildlife. The
26 board may recommend that the commission grant the request. When a landowner is qualified under
27 landowner preference rules adopted by the commission and receives a controlled hunt tag for that
28 unit or a landowner preference tag for the landowner’s property and does not use the tag during the
29 regular season, the landowner may use that tag to take an antlerless animal, when approved by the
30 State Department of Fish and Wildlife, to alleviate damage that is presently occurring to the land-
31 owner’s property.

32 “(5) May by rule prescribe procedures requiring the holder of any license, tag or permit issued
33 pursuant to the wildlife laws to keep records and make reports concerning the time, manner and
34 place of taking wildlife, the quantities taken and such other information as the commission deter-
35 mines necessary for proper enforcement of the wildlife laws or to obtain information for use in

1 wildlife management.

2 “(6) May establish special hunting and angling areas or seasons in which only persons less than
3 18 years of age or over 65 years of age are permitted to hunt or angle.

4 “(7) May acquire by purchase, lease, agreement or gift real property and all appropriate inter-
5 ests therein for wildlife management and wildlife-oriented recreation purposes.

6 “(8) May acquire by purchase, lease, agreement, gift, exercise of eminent domain or otherwise
7 real property and all interests therein and establish, operate and maintain thereon public hunting
8 areas.

9 “(9) May establish and develop wildlife refuge and management areas and prescribe rules gov-
10 erning the use of such areas and the use of wildlife refuge and management areas established and
11 developed pursuant to any other provision of law.

12 “(10) May by rule prescribe fees for licenses, tags, permits and applications issued or required
13 pursuant to the wildlife laws, and user charges for angling, hunting or other recreational uses of
14 lands owned or managed by the commission, unless such fees or user charges are otherwise pre-
15 scribed by law. Except for licenses issued pursuant to subsection (14) of this section, no fee or user
16 charge prescribed by the commission pursuant to this subsection shall exceed \$100.

17 “(11) May enter into contracts with any person or governmental agency for the development and
18 encouragement of wildlife research and management programs and projects.

19 “(12) May perform such acts as may be necessary for the establishment and implementation of
20 cooperative wildlife management programs with agencies of the federal government.

21 “(13) May offer and pay rewards for the arrest and conviction of any person who has violated
22 any of the wildlife laws. No such reward shall exceed \$100 for any one arrest and conviction.

23 “(14) May by rule prescribe fees for falconry licenses issued pursuant to the wildlife laws, unless
24 such fees are otherwise prescribed by law. Fees prescribed by the commission pursuant to this sub-
25 section shall be based on actual or projected costs of administering falconry regulations and shall
26 not exceed \$250.

27 “(15) May establish special fishing and hunting seasons and bag limits applicable only to persons
28 with disabilities.

29 “(16) May adopt optimum populations for deer and elk consistent with ORS 496.012. These pop-
30 ulation levels shall be reviewed at least once every five years.

31 “(17) Shall establish a preference system so that individuals who are unsuccessful in controlled
32 hunt permit drawings for deer and elk hunting have reasonable assurance of success in those
33 drawings in subsequent years.

34 “(18) May sell advertising in State Department of Fish and Wildlife publications, including an-
35 nual hunting and angling regulation publications.

36 “(19) **May, notwithstanding the fees required by ORS 497.112, provide free hunting tags**
37 **to an organization that sponsors hunting trips for terminally ill children.**

38 “**SECTION 2. This 2005 Act being necessary for the immediate preservation of the public**
39 **peace, health and safety, an emergency is declared to exist, and this 2005 Act takes effect**
40 **on its passage.”**
