A BILL FOR AN ACT

1
2 Relating to education; creating new provisions; amending ORS 338.125; appropriating money; and
3 declaring an emergency.

4 Whereas meeting the educational needs of children in our state's schools is of the greatest im-
5 portance to the future welfare of Oregon; and

6 Whereas closing the achievement gap between minority and nonminority students, and between
7 economically disadvantaged students and their more advantaged peers, is a significant and present
8 challenge; and

9 Whereas providing a broader range of educational options through technology may help students
10 in our state improve and accelerate their academic achievement; and

11 Whereas many of our school districts currently lack the capacity to provide a wide variety of
12 course choices and experience teacher shortages in several subject areas; and

13 Whereas online courses may better meet students' needs for specific courses with additional
14 flexibility; and

15 Whereas offering courses online has a potential impact on students throughout the state and
16 requires a state plan and infrastructure; now, therefore,
