28 **SECTION 32.** ORS 508.796 is amended to read:

29 508.796. (1) An individual whose application for renewal of the permit required by ORS 508.775  
30 is denied by the State Department of Fish and Wildlife may make written request to the Commercial  
31 Fishery Permit Board for review of the denial. The review provided in this subsection is in lieu of  
32 any such review by the department or the State Fish and Wildlife Commission. The request shall  
33 be in such form and shall contain such information as the board considers appropriate. The request  
34 shall be accompanied by a nonrefundable fee of [\$75] **\$125**. Such fees shall apply toward the permit  
35 fee of successful applicants.

36 (2) In accordance with any applicable provision of ORS chapter 183, the board shall review de-  
37 nials of applications for renewal of permits. Orders issued by the board are not subject to review  
38 by the commission, but may be appealed as provided in ORS 183.480 to 183.500. The board may waive  
39 requirements for renewal of permits if the board finds:

40 (a) That the individual for personal or economic reasons chose to actively commercially fish in  
41 some other fishery during the Columbia River gillnet salmon seasons; or

42 (b) That the individual failed to meet the requirements as the result of illness, accident or other  
43 circumstances beyond the individual's control.

44 (3) In accordance with any applicable provision of ORS chapter 183, the board may promulgate  
45 such rules as it considers necessary to carry out its duties, functions and powers.

1 (4) The board may delegate to the department its authority to waive requirements for renewal  
2 of permits.

3 (5) Notwithstanding any other provision of law, without the prior approval of the Commercial  
4 Fishery Permit Board, a Columbia River gillnet salmon vessel permit acquired as a result of a  
5 waiver pursuant to subsection (2) of this section may not be transferred to another vessel until the  
6 vessel for which the permit was issued has been used in the Columbia River gillnet salmon fishery  
7 for two or more calendar years.

8 **SECTION 33.** ORS 508.816 is amended to read:

9 508.816. (1) The annual fee for the vessel permit required by ORS 508.801 is [\$10.]:

10 (a) **\$35 for resident applicants.**

11 (b) **\$225 for nonresident applicants.**

12 (2) Applications shall be in such form and contain such information as the State Department of  
13 Fish and Wildlife, by rule, may prescribe.

14 **SECTION 34.** ORS 508.822 is amended to read:

15 508.822. (1) The vessel permit required by ORS 508.801 is transferable:

16 (a) To a replacement vessel of the permit holder.

17 (b) To the purchaser of the vessel when the vessel is sold.

18 (c) Upon request of a permit holder, transfer of a permit to a replacement vessel owned by an  
19 individual other than the permit holder if authorized by the State Department of Fish and Wildlife.  
20 However, any transfer of a permit away from a vessel without the written consent of each person  
21 holding a security interest in such vessel is void.

22 (2) Permits may be transferred between vessels where both vessels fall within any one of the  
23 following categories:

24 (a) Vessels less than or equal to 30 feet;

25 (b) Vessels greater than 30 feet and less than or equal to 42 feet; or

26 (c) Vessels greater than 42 feet.

27 (3) A permit may be transferred from a vessel that is in one of the categories defined in sub-  
28 section (2) of this section to a vessel that is in a different category provided that no vessel permit  
29 may be transferred to a vessel more than five feet longer than the vessel from which the permit is  
30 being transferred.

31 (4)(a) Notwithstanding subsection (3) of this section and except for transfer to another vessel  
32 owned by the current permit holder, a vessel permit may be transferred to a vessel over 30 feet in  
33 length only if, in the calendar year prior to transfer, the vessel from which the permit is being  
34 transferred was used in the ocean troll salmon fishery in Oregon, Alaska, Washington or California  
35 to take 100 pounds of salmon. The department, by rule, may require proof of vessel ownership prior  
36 to the transfer of a permit away from any vessel. This section shall not be effective in the calendar  
37 year following a year in which the number of permits issued pursuant to ORS 508.801 is less than  
38 1,000.

39 (b) A vessel permit may not be transferred more than once in any 12-month period. However,  
40 the Commercial Fishery Permit Board may waive the waiting period for additional transfer if the  
41 board finds that strict adherence to the waiting period would create undue hardship for the indi-  
42 vidual seeking transfer of the permit.

43 (5) Persons requesting the transfer of a permit pursuant to subsection (1)(c) of this section shall  
44 provide to the department copies of documents or state registration for each vessel as proof of the  
45 length and ownership.

1       **(6) A fee of \$100 shall be charged for each transfer of a vessel permit under this section.**

2       **SECTION 35.** ORS 508.825 is amended to read:

3       508.825. (1) An individual whose application for renewal or transfer of the permit required by  
4       ORS 508.801 is denied by the State Department of Fish and Wildlife may make written request to  
5       the Commercial Fishery Permit Board for review of the denial. The review provided in this sub-  
6       section is in lieu of any such review by the department or the State Fish and Wildlife Commission.  
7       The request shall be in such form and shall contain such information as the board considers appro-  
8       priate. The request shall be accompanied by a nonrefundable fee of [~~\$75~~] **\$125**. Such fee shall apply  
9       toward the permit fee of successful applicants.

10       (2) In accordance with any applicable provision of ORS chapter 183, the board shall review de-  
11       nials of applications for renewal or transfer of permits. Orders issued by the board are not subject  
12       to review by the commission, but may be appealed as provided in ORS 183.480 to 183.540. The board  
13       may waive requirements for renewal or transfer of permits if the board finds that the individual fails  
14       to meet the requirements as the result of illness, accident or other circumstances beyond the indi-  
15       vidual's control.

16       (3) In accordance with any applicable provision of ORS chapter 183, the board may promulgate  
17       such rules as it considers necessary to carry out its duties, functions and powers.

18       (4) The board may delegate to the department its authority to waive requirements for renewal  
19       or transfer of permits.

20       **SECTION 36.** ORS 508.858 is amended to read:

21       508.858. The annual fee for the vessel permit required by ORS 508.840 is [~~\$75~~.]:

22       (1) **\$125 for resident applicants.**

23       (2) **\$290 for nonresident applicants.**

24       **SECTION 37.** ORS 508.864 is amended to read:

25       508.864. (1) Notwithstanding any other provision of law, an ocean scallop vessel permit issued  
26       pursuant to ORS 508.840 to 508.867 may not be transferred to another vessel:

27       [(1)] (a) Until the vessel for which the permit was issued has been used in the ocean scallop  
28       fishery for three or more calendar years to land at least 5,000 pounds of food fish annually.

29       [(2)] (b) More than once in any 12-month period. However, the Commercial Fishery Permit Board  
30       may waive the waiting period if the board finds that strict adherence to the waiting period would  
31       create undue hardship for the individual seeking transfer of the permit.

32       [(3)] (c) That is more than five feet longer than the vessel from which the permit is transferred.

33       **(2) A fee of \$100 shall be charged for each transfer of a vessel permit under this section.**

34       **SECTION 38.** ORS 508.867 is amended to read:

35       508.867. (1) Notwithstanding ORS 508.755 (6)(b) and (c), an individual whose application for re-  
36       newal of the permit required by ORS 508.840 is denied by the State Department of Fish and Wildlife  
37       may make written request to the Commercial Fishery Permit Board for review of the denial. The  
38       review provided in this subsection is in lieu of any such review by the department or the State Fish  
39       and Wildlife Commission. The request shall be in such form and shall contain such information as  
40       the board considers appropriate. The request shall be accompanied by a nonrefundable fee of [~~\$75~~]  
41       **\$125**. Such fee shall apply toward the permit fee of successful applicants.

42       (2) In accordance with any applicable provision of ORS chapter 183, the board shall review de-  
43       nials of applications for renewal of permits. Orders issued by the board are not subject to review  
44       by the commission, but may be appealed as provided in ORS 183.480 to 183.540. The board may waive  
45       requirements for renewal of permits if the board finds that the individual for personal or economic

1 reasons chooses to actively fish the permit vessel in some other ocean fishery or if the board finds  
2 that the individual fails to meet the requirements as the result of illness, accident or other circum-  
3 stances beyond the individual's control.

4 (3) In accordance with any applicable provision of ORS chapter 183, the board may promulgate  
5 such rules as it considers necessary to carry out its duties, functions and powers.

6 (4) The board may delegate to the department the authority to waive eligibility requirements for  
7 renewal of permits.

8 **SECTION 39.** ORS 508.901 is amended to read:

9 508.901. (1) The annual fee for the vessel permit required by ORS 508.880 is [\$75.]:

10 (a) **\$125 for resident applicants.**

11 (b) **\$290 for nonresident applicants.**

12 (2) Applications shall be in such form and contain such information as the State Department of  
13 Fish and Wildlife, by rule, may prescribe.

14 **SECTION 40.** ORS 508.907 is amended to read:

15 508.907. (1) The vessel permit required by ORS 508.880 is transferable:

16 (a) To a replacement vessel of the permit holder. A replacement is any vessel that is purchased  
17 for any reason to replace a vessel previously owned by and licensed to the permit holder;

18 (b) To the purchaser of the vessel when the vessel is sold; or

19 (c) To a replacement vessel owned by an individual other than the permit holder. However, any  
20 transfer of a permit away from a vessel without the written consent of each person holding a secu-  
21 rity interest in such vessel is void.

22 (2) A permit may be transferred to a vessel of greater length only if that vessel is within 5 feet  
23 in overall length of the vessel from which the permit is being transferred. This provision does not  
24 apply if the permit is being transferred from one vessel owned by an individual to another vessel  
25 not exceeding 80 feet in length that is owned by the same individual.

26 (3) A permit may not be transferred to another vessel more than once in a 12-month period.  
27 However, the Commercial Fishery Permit Board may waive the waiting period if the board finds that  
28 strict adherence to the waiting period would create undue hardship for the individual seeking  
29 transfer of the permit.

30 (4) **A fee of \$100 shall be charged for each transfer of a vessel permit under this section.**

31 **SECTION 41.** ORS 508.910 is amended to read:

32 508.910. (1) An individual whose application for renewal of the permit required by ORS 508.880  
33 is denied by the State Department of Fish and Wildlife may make written request to the Commercial  
34 Fishery Permit Board for review of the denial. The review provided in this subsection is in lieu of  
35 any such review by the department or the State Fish and Wildlife Commission. The request shall  
36 be in such form and shall contain such information as the board considers appropriate. The request  
37 shall be accompanied by a nonrefundable fee of [\$75] **\$125**. Such fee shall apply toward the permit  
38 fee of successful applicants.

39 (2) In accordance with any applicable provision of ORS chapter 183, the board shall review de-  
40 nials of applications for renewal of permits. Orders issued by the board are not subject to review  
41 by the commission, but may be appealed as provided in ORS 183.480 to 183.540. The board may waive  
42 requirements for renewal of permits if the board finds that the individual fails to meet the require-  
43 ments as the result of illness, accident or other circumstances beyond the individual's control.

44 (3) In accordance with any applicable provision of ORS chapter 183, the board may promulgate  
45 such rules as it considers necessary to carry out its duties, functions and powers.

1 (4) The board may delegate to the department its authority to waive requirements for renewal  
2 of permits.

3 **SECTION 42.** ORS 508.936 is amended to read:

4 508.936. (1) The system established under ORS 508.921 shall include provisions to make the  
5 vessel ocean Dungeness crab permit required by ORS 508.926 transferable:

6 (a) To another vessel; or

7 (b) To the purchaser of the vessel when the vessel is sold.

8 (2) The vessel to which a permit is transferred may not be:

9 (a) More than 10 feet longer than the vessel from which the permit is transferred; or

10 (b) More than 99 feet in length.

11 (3) Notwithstanding subsection (2) of this section, a permit issued to a vessel:

12 (a) Under ORS 508.931 (1)(e) shall be transferred only to a vessel that is 26 feet or less in length.

13 (b) May not be transferred to a vessel that is more than 10 feet longer than the vessel for which  
14 the permit was held on January 1, 2006. However, the Commercial Fishery Permit Board may waive  
15 the length restriction in this paragraph if the board finds that strict adherence to the length re-  
16 striction would create undue hardship, as that term is defined by rule by the State Fish and Wildlife  
17 Commission, for the individual seeking transfer of the permit.

18 (4) Transfer of a permit under this section is subject to the approval of the State Department  
19 of Fish and Wildlife according to such rules as the State Fish and Wildlife Commission may adopt.  
20 Any transfer of a permit from a vessel without the written consent of each person holding a security  
21 interest in the vessel is void.

22 (5) For purposes of this section, the length of a vessel shall be determined by the manufacturer's  
23 specification of overall length, United States Coast Guard documentation stating overall length or  
24 a survey of overall length by a certified marine surveyor, as the State Fish and Wildlife Commission  
25 by rule shall establish.

26 **(6) A fee of \$100 shall be charged for each transfer of a vessel permit under this section.**

27 **SECTION 43.** ORS 508.941 is amended to read:

28 508.941. (1) The system established under ORS 508.921 shall include any other provisions for  
29 participation that the State Fish and Wildlife Commission considers appropriate.

30 (2) Any determination by the commission regarding the eligibility of a vessel to participate in  
31 the ocean Dungeness crab commercial fishery or to transfer participation rights is subject to review  
32 by the Commercial Fishery Permit Board, in accordance with ORS chapter 183. The board may  
33 waive the eligibility requirements contained in ORS 508.931 if the board finds that the individual  
34 fails to meet the requirements as the result of illness, fire, sinking, accident or other circumstances  
35 beyond the individual's control. In making a determination of eligibility under this section, the board  
36 shall consider the applicant's history of participation in the Oregon ocean Dungeness crab fishery.  
37 If a vessel for which application is made is owned by a person who has served in the Armed Forces  
38 of the United States and the person establishes that a service-related disability prevented the person  
39 from lawfully landing crab in two seasons during the prescribed time period, there is a rebuttable  
40 presumption in favor of issuing an illness waiver for one of the two seasons of lawfully landing crab  
41 in Oregon required under ORS 508.931 so as to require the landing of crab in only one season during  
42 the prescribed time period. The rebuttable presumption created by this subsection may be overcome  
43 only by clear and convincing evidence that the service-related disability of the person did not pre-  
44 vent the person from lawfully landing crab in two seasons during the prescribed time period. Orders  
45 issued by the board are not subject to review by the commission, but may be appealed as provided

1 in ORS 183.480 to 183.540.

2 (3) A commercial fishing vessel that holds a valid Washington or California permit to fish for  
3 ocean Dungeness crab shall be eligible to participate in the Oregon ocean Dungeness crab fishery  
4 provided there is reciprocal statutory authority in Washington or California that provides for equal  
5 access for vessels holding Oregon ocean Dungeness crab permits to Washington or California  
6 coastal waters and Washington waters of the Columbia River. If such reciprocal statutory authority  
7 exists, a vessel licensed by Washington or California is eligible to participate in accordance with  
8 rules that establish reciprocal border agreements that recognize traditional fishing patterns.

9 (4) The annual fee to participate in the ocean Dungeness crab fishery is [*\$75, except that the fee*  
10 *for 1995 is waived.*]:

11 (a) **\$125 for resident applicants.**

12 (b) **\$290 for nonresident applicants.**

13 **SECTION 44.** ORS 508.949 is amended to read:

14 508.949. (1) The annual fee for a black rockfish and blue rockfish vessel permit or a black  
15 rockfish and blue rockfish vessel permit with a nearshore fish endorsement issued under ORS  
16 508.947 is [*\$75*] **\$100.**

17 (2) Applications for a permit shall be in such form and contain such information as the State  
18 Department of Fish and Wildlife, by rule, may prescribe.

19 (3) All fees collected under this section and ORS 508.505 (1)(b) and 508.947 shall be placed into  
20 the Black Rockfish, Blue Rockfish and Nearshore Species Research Account established in ORS  
21 508.951.

22 **SECTION 45.** ORS 508.957 is amended to read:

23 508.957. (1) A black rockfish and blue rockfish vessel permit with a nearshore fish endorsement  
24 issued under ORS 508.947 may be transferred to another vessel if:

25 (a) The permit has been renewed a minimum of five times; and

26 (b) The vessel operating under the permit has made, in the previous calendar year, a minimum  
27 of five landings that contained at least 15 pounds of black rockfish, blue rockfish or nearshore fish.

28 (2) Notwithstanding subsection (1) of this section, a black rockfish and blue rockfish vessel  
29 permit with a nearshore fish endorsement:

30 (a) May be transferred one time per calendar year to a replacement vessel that is owned by the  
31 same person that owns the vessel to which the permit was originally issued.

32 (b) That is issued to a vessel owned by a sole proprietor may be transferred upon the death of  
33 the sole proprietor.

34 (3) A black rockfish and blue rockfish vessel permit with a nearshore fish endorsement may not  
35 be transferred to a vessel that is more than five feet longer than the vessel to which the permit was  
36 originally issued.

37 (4) A black rockfish and blue rockfish vessel permit issued under ORS 508.947:

38 (a) May be transferred to another vessel except as provided in paragraph (b) of this subsection.

39 (b) May not be transferred to a vessel that is more than five feet longer than the vessel to which  
40 the permit was originally issued.

41 **(5) A fee of \$100 shall be charged for each transfer of a vessel permit under this section.**

42 **SECTION 46.** ORS 508.960 is amended to read:

43 508.960. (1) A person whose application for issuance, renewal or transfer of a permit under ORS  
44 508.947 is denied by the State Department of Fish and Wildlife may make written request to the  
45 Commercial Fishery Permit Board for review of the denial. The review provided in this subsection

1 is in lieu of any such review by the department or the State Fish and Wildlife Commission. The re-  
2 quest shall be in such form and shall contain such information as the board considers appropriate.  
3 The request shall be accompanied by a nonrefundable fee of [~~\$75~~] **\$125**, which shall apply toward the  
4 permit fee if the application is approved.

5 (2) In accordance with the applicable provisions of ORS chapter 183, the board shall review  
6 denials of applications for issuance, transfer or renewal of permits. Orders issued by the board are  
7 not subject to review by the commission, but may be appealed as provided in ORS 183.480 to 183.540.  
8 The board may waive requirements for renewal or transfer of permits if the board finds that the  
9 person fails to meet the requirements as the result of illness, accident or other circumstances be-  
10 yond the person's control.

11 (3) In accordance with the applicable provisions of ORS chapter 183, the board may promulgate  
12 such rules as it considers necessary to carry out its duties, functions and powers under this section.
